### ZONE AMERICANS INDIGNANT OVER DEATH OF CANNON

Many of Them Volunteer  
With Estrada's Forces  
Against Zelaya.

Mexican Exile Candidate For  
President.

PLACARDS POSTED AROUND.

Panama, Nov. 19.—The wildest indignation and excitement followed the spreading of news of the execution of Leonard Grace and Leroy Cannon in Nicaragua, and Americans employed on the canal, some of whom are well acquainted with Cannon. Scores threaten to form a band and join Estrada's cause. It is certain many volunteers will depart on the next steamer for Nicaragua.

#### Blockade Runner.

New Orleans, La., Nov. 19.—The steamer Imperator sailed today for Greytown. It is said to be loaded with arms and ammunition, intended to relieve General Toledo, Zelaya's leader at Greytown. She will attempt to run the blockade at Greytown and is ready to fight if Estrada's gunboats try to stop her. She carries two four-pound guns.

Washington, Nov. 19.—Mrs. F. H. Grace, of Hempstead, Tex., telegraphed the state department today that Leonard Grace, reported to be executed by order of Zelaya, was her son. She asked further particulars. Leroy Cannon, the other American victim of Zelaya, was a native of Harrisburg, Pa., a son of Daniel K. Cannon, there.

Mexico City, Nov. 19.—This city today is greatly excited over the sudden and unexpected boom for president of Heriberto de Barron, bitter rival of Diaz, now self-exiled from Mexico. This morning the people awoke to find flaring posters, proclaiming his candidacy on their houses, doors, fences, telegraph poles and sidewalks and everywhere likely to be seen.

They do not say what party Barron is representing. They announced, "Mexico's people will nominate courageous Barron as their candidate."

Barron is now in New York. It is believed he is in touch with the members of the organization in Mexico and is directing his presidential boom himself. It is impossible to find out where the posters were printed or where they came from. Barron in speeches and writings in New York often denounced the Diaz government as an autocracy. Barron is still technically congressman, entitled to the office of sub-secretary of the foreign office when he returns, filling the place of Frederico Gamboa, who assumed the duties in his absence. Friends of Barron say it will be easy for him to obtain a pardon, enabling him to return.

#### Lost His Great Toe.

Engineer Albert E. Osborne, 319 Norton street, is minus the great toe on his left foot as the result of a hunting trip. It was not the usual story of amputation by a shotgun, but the toe was cut off by a gasoline engine. With a party of men he was engineering on a gasoline launch going up the Tennessee river. They were making the trip to purchase timber, but were making a pleasure trip, too. Mr. Osborne went to the rear of the boat to tighten the packing around the shaft when a hot screw caught his foot and the great toe was crushed off.

#### Miss Alma Kopf Is Hurt.

While descending the stairs at her home, Fifth and Madison streets, this morning about 10 o'clock Miss Alma Kopf lost her footing and fell. She alighted heavily on her right arm and at first it was thought the wrist had been fractured. A physician was called and found the ligaments badly strained. As a result she will carry her arm in a sling for several days.

#### THE SECOND SCIENTIST FUNERAL EVER HELD HERE.

The funeral of Mr. Jesse Young yesterday was the second ever conducted by Christian Scientists in Paducah. Mr. Young himself participated in the other several years ago. The services were simple, consisting of scripture reading, and the Christian Science version of the Lord's prayer. There was music.

### METHODISTS OF DISTRICT WILL MEET NEXT WEEK

To fix the presiding elder's salary and to attend to other matters the district stewards will meet next Tuesday morning at 10 o'clock at the Broadway Methodist church. There will be about 15 or 20 of these members present and a busy session is expected. They will take the assessment ordered by the annual conference on the district and apportion them to the several charges. This assessment is to carry on the missionary work, the Bible course and the educational work. Dr. Mezey, the new presiding elder, will preach at the Broadway Methodist church Sunday morning at 11 a. m. and at the Fountain Avenue Methodist church at 7:30 p. m.

#### Fountain Avenue.

To close up the past conference year the official board of the Fountain Avenue Methodist church met last evening. The reports showed that the affairs were in a most satisfactory state and that the church had met with a remarkable growth. The reorganization of the board resulted in Mr. C. W. Morrison being re-elected chairman and Mr. E. R. Pierce secretary and Mr. B. T. Davis treasurer. As the financial condition of the church was found to be in such a satisfactory condition a substantial increase was made in the salary of the pastor, the Rev. G. W. Banks. Fountain Avenue church is one of the prettiest and best situated churches in the city and is one of the largest in point of membership. The increase in the salary of the pastor is a fitting tribute to the zeal and ability which the pastor has displayed.

### NEW STEAMBOAT TO EVANSVILLE

LOWERY, OF CAVE-IN-ROCK,  
LIGHT DRAFT BOAT TO  
ENTER TRADE.

Competition to the Fowler steamboat line has arisen in the Evansville and Paducah packet trade, and a new boat will be entered by Captain J. W. Lowery, of Cave-in-Rock, Monday morning. The new boat has just been built at Cave-in-Rock and bears the name of its owner. It is expected in today or tomorrow and is a light water boat a trifle larger than the Ohio, in the Paducah and Golconda trade. The Fowler line is at present operating the Bob Dudley on account of low water. The two regular boats in the trade are the John S. Hopkins and the Joe Fowler, now laying up at Evansville, waiting for a rise in the river. The Fowler line has been in the trade 40 years without competition.

#### Astors Still Missing

New York, Nov. 19.—No word was received today from the missing steam yacht Noumahal, bearing John Jacob Astor and his son, Victor, cruising in the West Indian waters. It developed today that Mrs. Astor, before sailing on the Lusitania for Europe, left instructions with the wireless company to give her news regarding her son as soon as the message arrived.

#### Charlie Meacham.

Hickman, Ky., Nov. 19.—Charlie Meacham, the little son of Mr. and Mrs. George Meacham, died at their home in South Hickman, after a short illness of fever. Interment was had at the city cemetery.

### Work of Removing Miners' Bodies Begins in Earnest, While Firemen Are Clearing Up Debris of Shaft

Bodies of More Than Fifty  
Found Near Shaft in Main  
Entry—Taken to Surface  
and Laid in Morgue.

Cherry, Ill., Nov. 19.—Three more bodies, one of a boy, were taken from the St. Paul mine at 8:30 this morning. Seven more were left on a ledge in the main shaft a few feet below the surface to be taken up later. They were brought up by firemen and miners, who volunteered. The bodies are still unidentified. The miners said they found 50 to 75 bodies huddled in a heap on the second level a few feet from the main shaft. It is expected they will be taken out before noon. For five hours early this morning Chicago firemen stood in the second level and fought the fire. They scorned to use oxygen helmets. It is reported the air in the mine is good as anywhere. Yesterday's first effort resulted in the recovery of one body, believed to be that of Ole Frieberg, and the location of 19 others near the ventilating shaft.

The air shaft was closed and a stream of water directed into it, then down the main shaft.

Men in helmets descended later to the second gallery and reported that the mouth of the drift is blocked by timbers and mud, but the fact that their lamps were not extinguished indicated the absence of black damp. The next squad descended without helmets and reported that conditions are perfect for attacking the flames. Difficulty was experienced in lowering the 310 feet of hose and it was nearly midnight before this was accomplished.

Various crews descended and reported little heat at the mouth of the gallery, but that the search for

### GRADE CROSSING TO BE ABOLISHED

ILLINOIS CENTRAL MAY CUT  
UNDER TENNESSEE STREET  
THIS CITY.

A viaduct may be built by the Illinois Central railroad at the Tennessee street crossing. The railroad has had men securing data on a viaduct, and it is believed that it will be built. A. H. Egan, superintendent of the Louisville division, was in the city today, and he refused either to deny or affirm the report, which came from Louisville. J. T. Donovan, general agent, said he does not believe construction of the viaduct is contemplated.

### Volcano is Active on Canary Islands

Lisbon, Nov. 19.—Lisbon was swept by a hurricane today, followed by a tidal wave from Tagus, a hundred feet high. It dragged the steamers from anchorage and set them utterly beyond control up the river. Lights everywhere were blown out and many houses were destroyed. When the hurricane broke a street fair was in progress and many temporary moving picture theaters were demolished. The crowds were panic-stricken and scattered throughout the city. It is rumored there were many fatalities. Details are unavailable.

#### Volcano in Canaries.

Madrid, Nov. 19.—With the volcano Mount Salares belching tremendous quantities of boiling lava and threatening destruction of the Isle of Tenerife in the Canaries, inhabitants of towns in the Orata valley are rushing panic-stricken to the coast. Steamers are ordered to Tenerife from African and Spanish ports, to aid the refugees. Eruptions are growing in violence hourly and torrents of lava are pouring down the sides of the quaking mountain and threaten to overflow the whole valley. Towns directly in the path of the lava streams are Guia, Icod and Tanquehillo. All are deserted by the

#### JIMMIE M'RAE.

Jimmie McRae, a familiar one, is in the toils again. He had been playing cripple and deaf and dumb and entered Wallerstein's store, Third street and Broadway, about 1:30 o'clock asking alms. He was detected by Joe Fisher, a clerk, in the act of stealing two pairs of trousers. Fisher had seen him go up the stairs, and taking the elevator, he saw McRae grab up the clothing and hide it under his coat. Patrolman Shelton was called in and McRae was taken to police headquarters, where a warrant, charging him with petit larceny, was issued by Judge Cross. Later he was transferred to the county jail. "I would have taken six pairs if I could have gotten away with them," McRae confessed at the police station. A stack of cards with "A Cripple's Appeal," taken from him were confiscated. He admitted taking them from a one-legged man.

### PADUCAH HIGH GOES TO HOPKINSVILLE

Padded warriors of the Paducah High school left this afternoon at 3:40 o'clock for Hopkinsville, where tomorrow it is intended to clean up with the Hopkinsville High school eleven. The team is in splendid shape for the fray, and hard battle is expected. Hopkinsville has never won a game. Paducah won from Hopkinsville several weeks ago, and now the team is stronger, and an easy victory may be the result. The lineup will be: Gardner or Mitchell, re; Shelton, re; Yarbrough or Coats, re; Harth, c; Elliott, lf; Burton, lf; Epperheimer, lf; Browning, qb; Wilhelm, lb; Ogilvie, rb; Sills, fb.

P. A. C-Marion Game.  
The game between the Paducah Athletic eleven and the Marion, Ill., team has not been closed although telegrams were exchanged today. If Marion is unable to play some good team will be secured to lineup against the P. A. C team.

### NEWSPAPERMAN DIES AT LONG ISLAND HOME

New York, N. Y., Nov. 19.—William Laffan, publisher of the New York Sun, died at his home, Laffan House, Long Island, at 3:30 this morning, following an operation for appendicitis, Monday. He was born Dublin, Ireland in 1848, and had been a prominent newspaper man since 1870. When he died he was president, treasurer and general manager of the Sun Publishing company, director of Harper and Brothers, and vice president and director of the Lanston Monotype Machine company.

It is rumored there were many fatalities. Details are unavailable.

#### Escape in Buggy.

Des Moines, Iowa, Nov. 19.—Robbers blew the safe in the Allen bank near here early today and got \$5,000 cash. A posse chased two who were in a buggy. Farmers along the road were notified by telephone. Farmers are watching for them. The robbers abandoned the rig at the edge of town and escaped.

#### Seamus McManus

Seamus McManus, the Irish folk-singer, who will lecture tonight at the Three Links building, will arrive this afternoon from St. Louis, and will be entertained after his lecture by a few Irish citizens. He will be introduced by John J. Dorian, who is a native of the same part of Ireland, Donegal. Seamus McManus is a fine story teller, with a wealth of information about his people at home, native wit and pleasing fancy. He will lecture at Louisville tomorrow night.

### SMEDLEY'S TRIAL DRAGGING SLOWLY THROUGH RECORDS

Jury Listens to Every Item  
Included in Alleged Theft  
Read From Index.

Dismissed to Give Attorneys  
Time to Arrange.

BYSTANDERS ARE SELECTED.

The trial of Hiram Smedley, former county clerk, indicted for embezzlement of public funds, dragged slowly today in circuit court, and in order to complete the trial of the case as soon as possible, Judge William Reed told the jurors to arrange to return after supper, as he intended to hold a night session of the court.

Nothing of a sensational nature was offered today in the evidence, and those who attended the trial in the hope of hearing sparkling testimony were disappointed, as the only evidence introduced this morning was the record of the entries of money in the private cash book of Smedley, showing that he had collected money from many persons. The back tax record was read, showing that the money was due the state. It was tedious work, and two hours were spent this morning offering this evidence. The valuation of the property, the penalty, the interest and costs were stated, and for each name it was necessary to consult the index and then find the book and page.

The prosecution sought to avoid this tedious and tiresome work, but the defense refused to agree to it, and demanded that each item be proven. An exception was taken to the reading of each item and the defense objected to the reading of the penalty and interest that state officers received, because the indictment alleged that he defrauded only the state and not the officers. Judge Reed seemed inclined to support it, but let a lot of it be read, stating that he would decide on it and fix it in his instructions.

In order to facilitate the work, Judge Reed excused the jurors at 11 o'clock until 1:30 o'clock this afternoon, so that the attorneys for the prosecution could consult the index and secure the page numbers without having this to do before the jury and consuming so much time.

Miss Lizzie Edgington, deputy county clerk, was the only witness called by the prosecution today, and the work of reading the items, where money is alleged to have been embezzled, was only fairly started. It will take the remainder of the day and possibly some of tomorrow to complete the reading of the records. Mr. Smedley appeared calm and assisted his attorneys in his case. With note pad and pencil he kept a record of the testimony and consulted reports.

#### Jury Is Secured.

Over an hour was utilized yesterday afternoon in securing a jury for the trial. The regular panel of jurors was exhausted quickly, and bystanders in the court room were used, but this supply soon was exhausted for nearly everybody had formed an opinion on the case. After the sheriff had secured an extra panel, twelve men were found without an opinion. The jury was accepted by the commonwealth, but the defense excused five, thus the trouble of finding jurors was begun over. After 52 men had been examined twelve suitable men were found, and the jury was accepted by both sides.

Commonwealth's Attorney John G. Lovett read the indictment to the jury and stated that the prosecution would prove that Smedley as county clerk had failed to turn over to the state auditor the \$750 the indictment accused him of embezzling. He stated that the proof would show that Smedley had collected the money from various persons, and had failed to turn it over to the proper department of the state.

Hon. John K. Hendrick for the defense stated that the defense had been unable to find certain books, but that if possible the records would be produced to show the jury that the money was accounted for, and that Smedley did not embezzle the funds. He stated that the indictment did not specify from what persons the defendant had collected the money and they would be unable to establish a defense until after the testimony was in.

It was stated that Smedley's men-

### EXTENSION FROM JOPPA TO CONNECT WITH BURLINGTON BRANCH TO THE OHIO BRIDGE

It Requires Only Three Miles of New  
Track to Reach Herrin Southern,  
Which is Already Graded.

CONTRACT IS BEING LET TODAY FOR APPROACH  
TO RAILROAD BRIDGE PROJECTED AT METROPOLIS

Sounding Crew Meets With Third Backset on Account of  
High Wind Night Before Last.

Metropolis, Ill., Nov. 19. (Special).—The third railroad to enter Metropolis for the purpose of crossing the Ohio river, let the contract today for its extension. The Chicago & Eastern Illinois, part of the Frisco system, is to build three miles from Joppa to Rocky Branch, where it will connect with the Herrin Southern, the Burlington extension into Metropolis.

This will give Metropolis, the Illinois Central, the Burlington and the Frisco systems.

The work on the extension is to begin at once and E. Maloney was given the contract for the first mile out of Joppa.

The Wabash and Big Four surveys have been running lines into Metropolis for a year and it is definitely understood that the Wabash will construct a line into the place before the year is out.

Work of laying track is progressing on the Burlington extension.

Contract for the approach to the Ohio river bridge will be let today. The bridge is now a settled fact. The crew taking soundings in the river for piers met with its third misfortune night before last, when the high wind toppled over the equipment in the middle of the river. Much of the work will have to be done over again.

tal condition would be taken into consideration at the trial. He said if they failed to establish a defense they would show that he was mentally unbalanced at the time.

As it was after 4 o'clock when the jury was secured, and, owing to the fact that the court officials were worn out, Judge Reed decided not to begin the evidence until this morning. Several of the attorneys were busy also, and the jurors were permitted to return to their homes.

Previous to the calling of the jury the attorneys for the defense through formality offered a special plea against the jurisdiction of the judge, and it was overruled.

The attorneys for the defense objected to the indictment, alleging it was not explicit. They said that the persons who paid the \$750 were not mentioned, and they did not know whether it was for license or back taxes, and were unable to plan a defense. They said it did not point out where the money came from, and that it was to be turned over to the state auditor, but that he simply collected and received it. It was alleged that the prosecution had failed to follow the statute in drawing the indictment.

Attorneys for the defense read section 1205 of the Kentucky statutes, under which the indictment was drawn, showing that Smedley was to hold the money in trust and deliver it to the state auditor's charge. Judge Reed overruled the demurrer to the indictment, and the drawing of the jury was entered into.

### BLKS' MEMORIAL ORATOR SECURED

JOSEPH B. HUFFAKER, OF  
LOUISVILLE, HAS ACCEPTED  
INVITATION.

For the eighteenth annual memorial services next month the Elks lodge, No. 217, of Paducah, has been exceedingly fortunate in securing a brilliant orator to deliver the eulogy of the members of the order, who have died this year. In a long distance telephone message Hon. Joseph M. Huffaker, commonwealth's attorney of Louisville, today consented to deliver the address.

Arrangements for the annual memorial services to be held at the Kentucky theater Sunday, December 5, are rapidly being concluded by the memorial committee and excellent

services will be held. In order to accommodate the large audience the Kentucky has been secured for the occasion as usual.

Members of the lodge who have died this year and the month of their death are: William Bornemann, in February; MacD. Ferguson, of La Center, in June; E. S. Howard, of Eddyville, in June, and Dr. J. R. M. Dillon, of New Orleans, in July. Dr. Dillon died at the Illinois Central railroad hospital. The memorial services will be held in the afternoon.

The musical program for the services is now being prepared and promises to be a good one.

### MAYFLOWER WITH TAFT GOT STUCK

FINALLY PULLED OFF AND THE  
PRESIDENT WENT TO NOR-  
FOLK CLAM BAKE.

Norfolk, Va., Nov. 19.—The Mayflower was stuck in the mud in Washington harbor for an hour last night immediately after leaving the navy yard wharf. She finally was pulled off by a tug and the trip south continued. President Taft slept well and rose at 8 o'clock this morning and breakfasted with Mrs. Taft and her sister, Mrs. Laughlin. At 8:30 he went on deck to wave greetings to soldiers of the fort as they fired salutes.

At 9 o'clock the Mayflower anchored. President Taft went ashore to Monticello hotel for a short rest. He made an address to a street full of citizens and grand stand filled with enthusiasts. In his speech he approved the Atlantic inland channels scheme. Then he hurried on a special car to Cape Henry for an old-fashioned oyster bake.

This evening he will attend a smoker given by the citizens of Norfolk. As President Taft was leaving, Andrew Carnegie joined him, wrapped in a glaring yellow ulster.

"Hello, Scotchman," said President Taft, shaking hands with Carnegie. "I'm no Scotchman, I'm an American," declared Carnegie.

#### Will Smith.

Hickman, Ky., Nov. 19.—Will Smith died at his home, a few miles west of town Monday, after an illness of several weeks of typhoid fever. He was 25 years old. He moved to that vicinity two years ago, and was well known. Interment was had Tuesday afternoon at Mabel.

## BOARD OF ALDERMEN MEETING

A request from the Paducah and  
Illinois Ferry company for an amend-  
ment to the original ferry franchise  
of the Bettie Owen between Paducah  
and Illinois was honored by the  
board of Aldermen last night when  
it referred the matter to the or-  
dinance committee to bring in an  
amendment. In a letter from the  
ferryboat owners it was said that  
the company has obtained a fran-  
chise from the citizens of Living-  
ston county and will soon be ready  
to enter the trade between Paducah  
and Livingston Point. Before this  
can be done the amendment to the  
city franchise here must be obtained.New boilers have been made for  
the Bettie Owen, and it is expected  
that they will be installed in a short  
time, although no definite arrange-  
ments have been made. When the  
Owen is tied up for new boilers an-  
other boat will be placed in the Pa-  
ducah, Brookport and Owen's land-  
ing ferry business as the company  
will not lose one minute. Immedi-  
ately after new boilers are installed  
the Owen will operate between these  
points and Livingston point.No necessity was seen by the alder-  
men last night in having the finance  
committee employ an out-of-town  
auditor to go over the records of  
each of the city departments and  
make a report to the general coun-  
cil; and the substitute motion adopt-  
ed by the council Monday night was  
amended by the aldermen, striking  
out the words "employing an out-of-  
town auditor." However, the matter  
was placed in the hands of the fi-  
nance committee with full power to  
act, and if it is deemed best to en-  
gage a non-resident auditor the  
committee will have the say. Mr.  
Sherrill was of the opinion that a  
Paducah auditor could do the work  
as competently as a non-resident,  
while Mr. Potter took the opposing  
side. When the vote was taken to  
place the matter in the finance com-  
mittee's hands striking out "non-  
resident auditor," every member  
voted for it.**Exemption Granted.**  
Exemption from municipal taxa-  
tion for a period of five years was  
granted John H. Hodge & company,  
tobacco rehanders, who are now  
erecting a commodious building at  
Ninth and Harrison streets. They  
will be ready for operation within  
60 days and as long as they abide by  
the ordinance they will not be taxed.  
As a usual custom this is allowed  
new industries in the city.First and second passages were  
given an ordinance increasing the  
salaries of the two sanitary inspec-  
tors from \$4 00 to \$60 per month. The  
ordinance will go into effect January  
1.H. A. Petter was refunded \$30,  
which he paid for wharf rent. Mr.  
Potter was in favor of allowing him  
only \$25 and voted against the re-  
fund of \$30. City Solicitor James  
Campbell, Jr., told the board the  
city is under no legal obligations to  
refund the money, but the city would  
be free to control that portion of the  
wharf formerly occupied by the dry  
docks if the license money was re-  
turned.Accounts amounting to \$3,016.35  
were allowed.City Engineer L. A. Washington  
was instructed to establish a side-  
walk grade on Trimble street be-  
tween Sixteenth and Seventeenth  
streets that will conform with the  
property line, which is now higher  
than the sidewalk line.A complaint from B. Frank James  
of overassessment on property on  
Monroe street, was referred to the  
board of supervisors.**Oak Grove.**  
A transfer of a lot in Oak Grove  
cemetery was granted Mrs. Daisy De-  
loach from Mrs. C. O. Church.Mrs. Daisy DeLoach was refunded  
\$5 she paid for a grave in the cem-  
tery.The aldermen ratified the action  
of Mrs. Ella Van de Male in trans-  
ferring a lot in the cemetery to Mrs.  
Alfred E. Tonks.Members present last night were:  
Hannan, Durrett, Hank, Potter,  
Oehlschlaeger, Sherrill and Stewart.  
Mr. Lackey was the only one absent.

## Lived 152 Years.

Wm. Parr—England's oldest man  
—married the third time at 120,  
worked in the fields till 132 and lived  
20 years longer. People should be  
youthful at 80. James Wright, of  
Spurlock, Ky., shows how to remain  
young. "I feel just like a 16-year-  
old boy," he writes, "after taking six  
bottles of Electric Bitters. For thirty  
years Kidney trouble made life a

as to deceive the senses and awaken  
the imagination, then the mummery  
craft is true art and David Warfield  
is an artist. For two hours and a  
half last night the great actor cast  
a spell over a record-breaking audi-  
ence in the Kentucky theater, caus-  
ing it to forget its surroundings and  
follow through sobs and laughter  
the emotional experiences of the old  
music master, Herr Anton Von Bar-

manner of walking to the footlights,  
and keeping his audience convulsed  
for minutes before he opened his  
mouth to speak, are not surprised at  
his power of compelling tears as  
well. In copying nature his genius  
appears to lie, not only in his native  
talent for mimicry, but in his faculty  
of selection, unerringly rejecting  
non-essentials and employing only so  
much art as carries conviction.We must go back to the days  
when we laughed and cried with Rip  
VanWinkle and Caleb Plumber to re-  
call a time when we chuckled with  
a little ache in our throats, as we  
did last night, and exploded a laugh  
into a handkerchief, raised for the  
purpose of wiping away a tear.One may, if he shrewd enough,  
analyze his emotions under the spell  
of a man like Warfield, but he can-  
not criticize the art that casts the  
spell. As with Rip, one wonders  
whether it is most the story or the  
actor that affects us, and decides it is  
both, so thoroughly is the personali-  
ty of Warfield merged into the char-  
acter of Barwig.The story is of an Austrian music  
teacher, whose wife has eloped with  
a supposed friend of his, Henry A.  
Stanton. For sixteen years Barwig  
searches in America for his wife and  
baby. At last he finds his daugh-  
ter in one of his pupils. Her foster  
father is wealthy and influential,  
and she is engaged to a rich man.  
Then begins the struggle between  
love and duty. Barwig feels under  
obligation for the sake of the girl's  
future to remain incog, while the  
pent-up love, which he has nursed  
all through his long search, is break-  
ing his heart. The pathos of the old  
man's struggle is so appealing that  
last night there was scarcely a dry  
eye in the audience, and yet there  
was as much humor as pathos, and  
the story is varied by the introduc-  
tion of sundry diversified and amus-  
ing characters.The company is excellent. Marie  
Bates in the character part of the  
boarding house keeper, is irresist-  
ible, as she always is. Janet Dunbar,  
as Helen Stanton, acts her part with  
sincerity, fidelity and sympathy.  
Bernhardt Niemeyer as the cello  
player, deserves especial mention,  
though all three the musicians, en-  
acted by Niemeyer, Augusto Arimani  
and Francis Gaillard, are fine. Oscar  
Eagle is good in the role of Henry  
A. Stanton, and Antoinette Walker  
merits praise for her work in the  
part of the boarding house maid.  
Let us not forget Costello of museum  
fame. The other parts are well  
taken.**Concerning Al Field.**

### CUPID WON

THOUGH BRIDEGROOM NEARLY  
LOST HOPE ONCE.

Miss Bertie Williams Was Under  
Age and Her Mother Could  
Not Be Reached by Phone.

Miss Bertie Williams, of Carterville, Ill., and Troy Luckey, of Herin, Ill., were married yesterday afternoon by County Judge R. T. Lightfoot. The couple came to Paducah for a quiet wedding, but as the bride was only 18 a license could not be issued. In vain the groom tried to reach her mother by wire and get permission, but she resides in the country, and he could not reach her. The bride-elect said her mother was willing for the marriage and to bring happiness to the couple a guardian was appointed, and after the consent was given, the ceremony was performed.

#### Hot Stove Thrown Out.

Fire in a small stove in the servant's room in the rear of the residence of Mohr Michael, 328 North Seventh street, last night caught fire to the roof and an alarm was turned in. Hose company No. 1 and truck company No. 4 responded and extinguished the blaze with only the loss of a few dollars. Fireman John Lehnhard was the first to reach the room, and he picked up the stove and threw it out of the window. It was red hot but he heaved it out into the yard.

## WILL OVERHAUL FOOTBALL RULES

GAME BRANDED AS NEEDLESSLY  
DANGEROUS.

Coach Staggs Instructed to Notify  
Conference Representatives to  
That Effect.

#### CHICAGO U. STARTS CRUSADE.

Chicago, Nov. 19.—Football is in for another overhauling. Members of the University of Chicago board of physical culture and athletics at a special meeting branded the gridiron game as needlessly and prohibitively dangerous, and started action aiming at important changes in the playing rules to guard against accidents.

The Chicago officials went on record as opposed to the game in its present form and instructed Coach A. A. Staggs to so notify the conference representatives. Coach Staggs will raise the question at the "big fight" meeting tomorrow afternoon.

This move is the first of the sort taken by a western college and is admittedly the outgrowth of popular protest against the heavy annual toll of deaths and injuries on the gridiron.

"The conference, of course, can make no changes on its own authority," said Coach Staggs. "The actual changing will be up to the rules committee of the United States Intercollegiate association, and I think it is probable that that body will act in a decisive way."

## MINE HORROR

(Continued From Page One.)

bodies was not practicable until the blocked opening was cleared of debris. This is promised to be a tedious process.

Soldiers patrolled the area roped about the shaft. Against the barriers a crowd of men, women and children pressed, far into the night.

Director Bicknell, of the National Red Cross, reported that 165 out of 185 families were given a week's supply of groceries. The relief will be continued indefinitely.

#### Body Was Concealed.

The body brought out was concealed for an hour on the top of the pit before given to the undertaker, then delivered only because its discovery had become known.

The first descent into the ventilating shaft was made by J. W. Paul, George H. Rice and R. Y. Williams on a temporary cage. All wore oxygen helmets. A second descent was made by Mine Inspectors James Taylor and Thomas Moses, who brought up the body. Taylor's plan of attacking the main shaft where the temperature is still around 100, was merely delayed by the expedition into the air pit.

"We will do all we can at the air shaft, then at any cost descend into the main pit," said Taylor last evening. Of the horrors encountered in the ghastly gallery none of the explorers would speak, but their faces were blanched and their hands trembled when they emerged.

#### Scorched and Swollen.

The bodies were scorched and swollen. Laborers immediately set to work and by 5 o'clock the cauldron was pouring fourth gases and smoke. To reduce the temperature in the shaft a substitute fan was placed beside the old one near the air shaft. It was started, its direction being reversed, so as to draw smoke towards the ventilator. As soon as possible the helmet armored experts descended into the shaft with a hose prepared to fight the burning coal in the second gallery. If their efforts are successful four men without helmets will go down to extinguish the fire when they can do it safely.

#### Women Crowd About.

The news of the recovery of the first body spread rapidly, and as an ambulance flanked by soldiers passed through the streets women rushed out of the house and pushed frantically through the crowds in a vain attempt to look into the wagon. It was rumored that it was a boy's body. Mothers who had lost sons pushed forward.

"Is it my boy?" they cried. "No, it is the body of a man," said State Attorney Eckhart.

"Oh, it's my man; it's John." After Eckhart stated in a kindly manner that the identification would require some time the crowd thinned, but the little brick morgue was surrounded by anxious inquirers until later in the evening when the body was identified as that of Ole Friberg, unmarried.

#### Prominent Experts.

Pittsburg, Nov. 19.—Messrs. Paul, Rice and Williams, of the government geological survey, who descended into the mine at Cherry, Ill., are prominent in their profession.

Paul, who lives here, was chief of the department of mines in West Virginia before coming to the United States mine testing and experimental station here.

Rice lives in Evansville, Ind. He is a graduate of the mining school of Columbia college.

Williams lives at Urbana, Ill. He is a graduate of Princeton and the Columbia college school of mines.

## 8 INDICTED FOR EMBEZZLEMENT

COMPLICITY FROM SEVERAL INDIANA BANKS.

Charged With Complicity With Book-keeper of One Bank in Making False Entries on Books.

#### TWO DEPOSITORS ARE NAMED.

Indianapolis, Nov. 19.—The federal grand jury indicted eight men charged with embezzling or complicity in embezzling funds of national banks.

William H. and Noah R. Marker, brothers, former cashier and assistant cashier of the First National bank of Tipton, charged with embezzlement of \$10,500 of the bank funds, and making false book entries, also false reports to the controller of the currency.

Elbert W. Shrike, capitalist and president of the Tipton banks, who was arrested in Chicago after the Marker brothers, was not indicted, because of insufficient evidence.

Max Emerich, bookkeeper of the Capital bank of Indianapolis, was indicted on the charge of embezzling \$40,000; Phil C. Gall, and Hart C. Prinzler, depositors, are charged with complicity with Emerich in making false entries.

The indictments charging embezzlements of amounts ranging from \$5,000 to \$15,000 were returned against Howard Phillips assistant cashier of the Terre Haute National bank; Frank Nicolai, assistant cashier of the First National bank of Auburn; E. N. Detzner, teller of the First National bank of Fort Wayne.

## IN METROPOLIS

Mr. and Mrs. Eugene Lafont left Sunday, Mr. Lafont for Springfield, and Mrs. Lafont for a visit to her son Will, at St. Louis.

Will Sperry and Henry Smith are attending to lodge business in Springfield this week.

B. D. Glover and family accompanied by George Hackett and family, left Tuesday for Humboldt, Kan., where they have employment.

B. D. Glover, George Hackett and William Gaines have all resigned from the power plant. It leaves but one old employe there, Mr. Lee Morris.

Theo. Schottle is to auction off his entire stock of jewelry and leave for Texas.

D. A. Bailey has moved from the State Hotel into the Steers property. The State Hotel is undergoing extensive repairs and when completed will be one of the best hotels in southern Illinois. It has been leased to a hotel firm in Chicago.

The Metropolis Daily Tribune will publish its first paper about November 22.

Mrs. George King has gone to Memphis having been called there by a telegram announcing the serious illness of her infant grandson.

Mrs. Anna Norris has returned to her home at Hoopston Mo., after a visit here with relatives.

Reed Green, of Cairo, transacted business here the past week.

Mrs. Eva Kerr and Mrs. Edwin Corlis have returned from Portageville, Mo., where Dr. Corlis was accidentally killed a few weeks ago. Mrs. Corlis will make this her home. Dr. Elmore, of New Columbia, was a Metropolis visitor Sunday.

#### RADIANT HAIR.

New York Society Woman's Hair Matched Only by Parisians.

For many years the clever women of Paris have been famed for the magnificent beauty of their hair.

"Glorious hair," a Virginian calls it; "so radiant and luxuriant that it not only attracts but fascinates, and compels untinged admiration."

But now that the elite of New York, ever anxious to improve their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is almost entirely responsible for the charming hair of the ladies of France, the demand for it has become enormous.

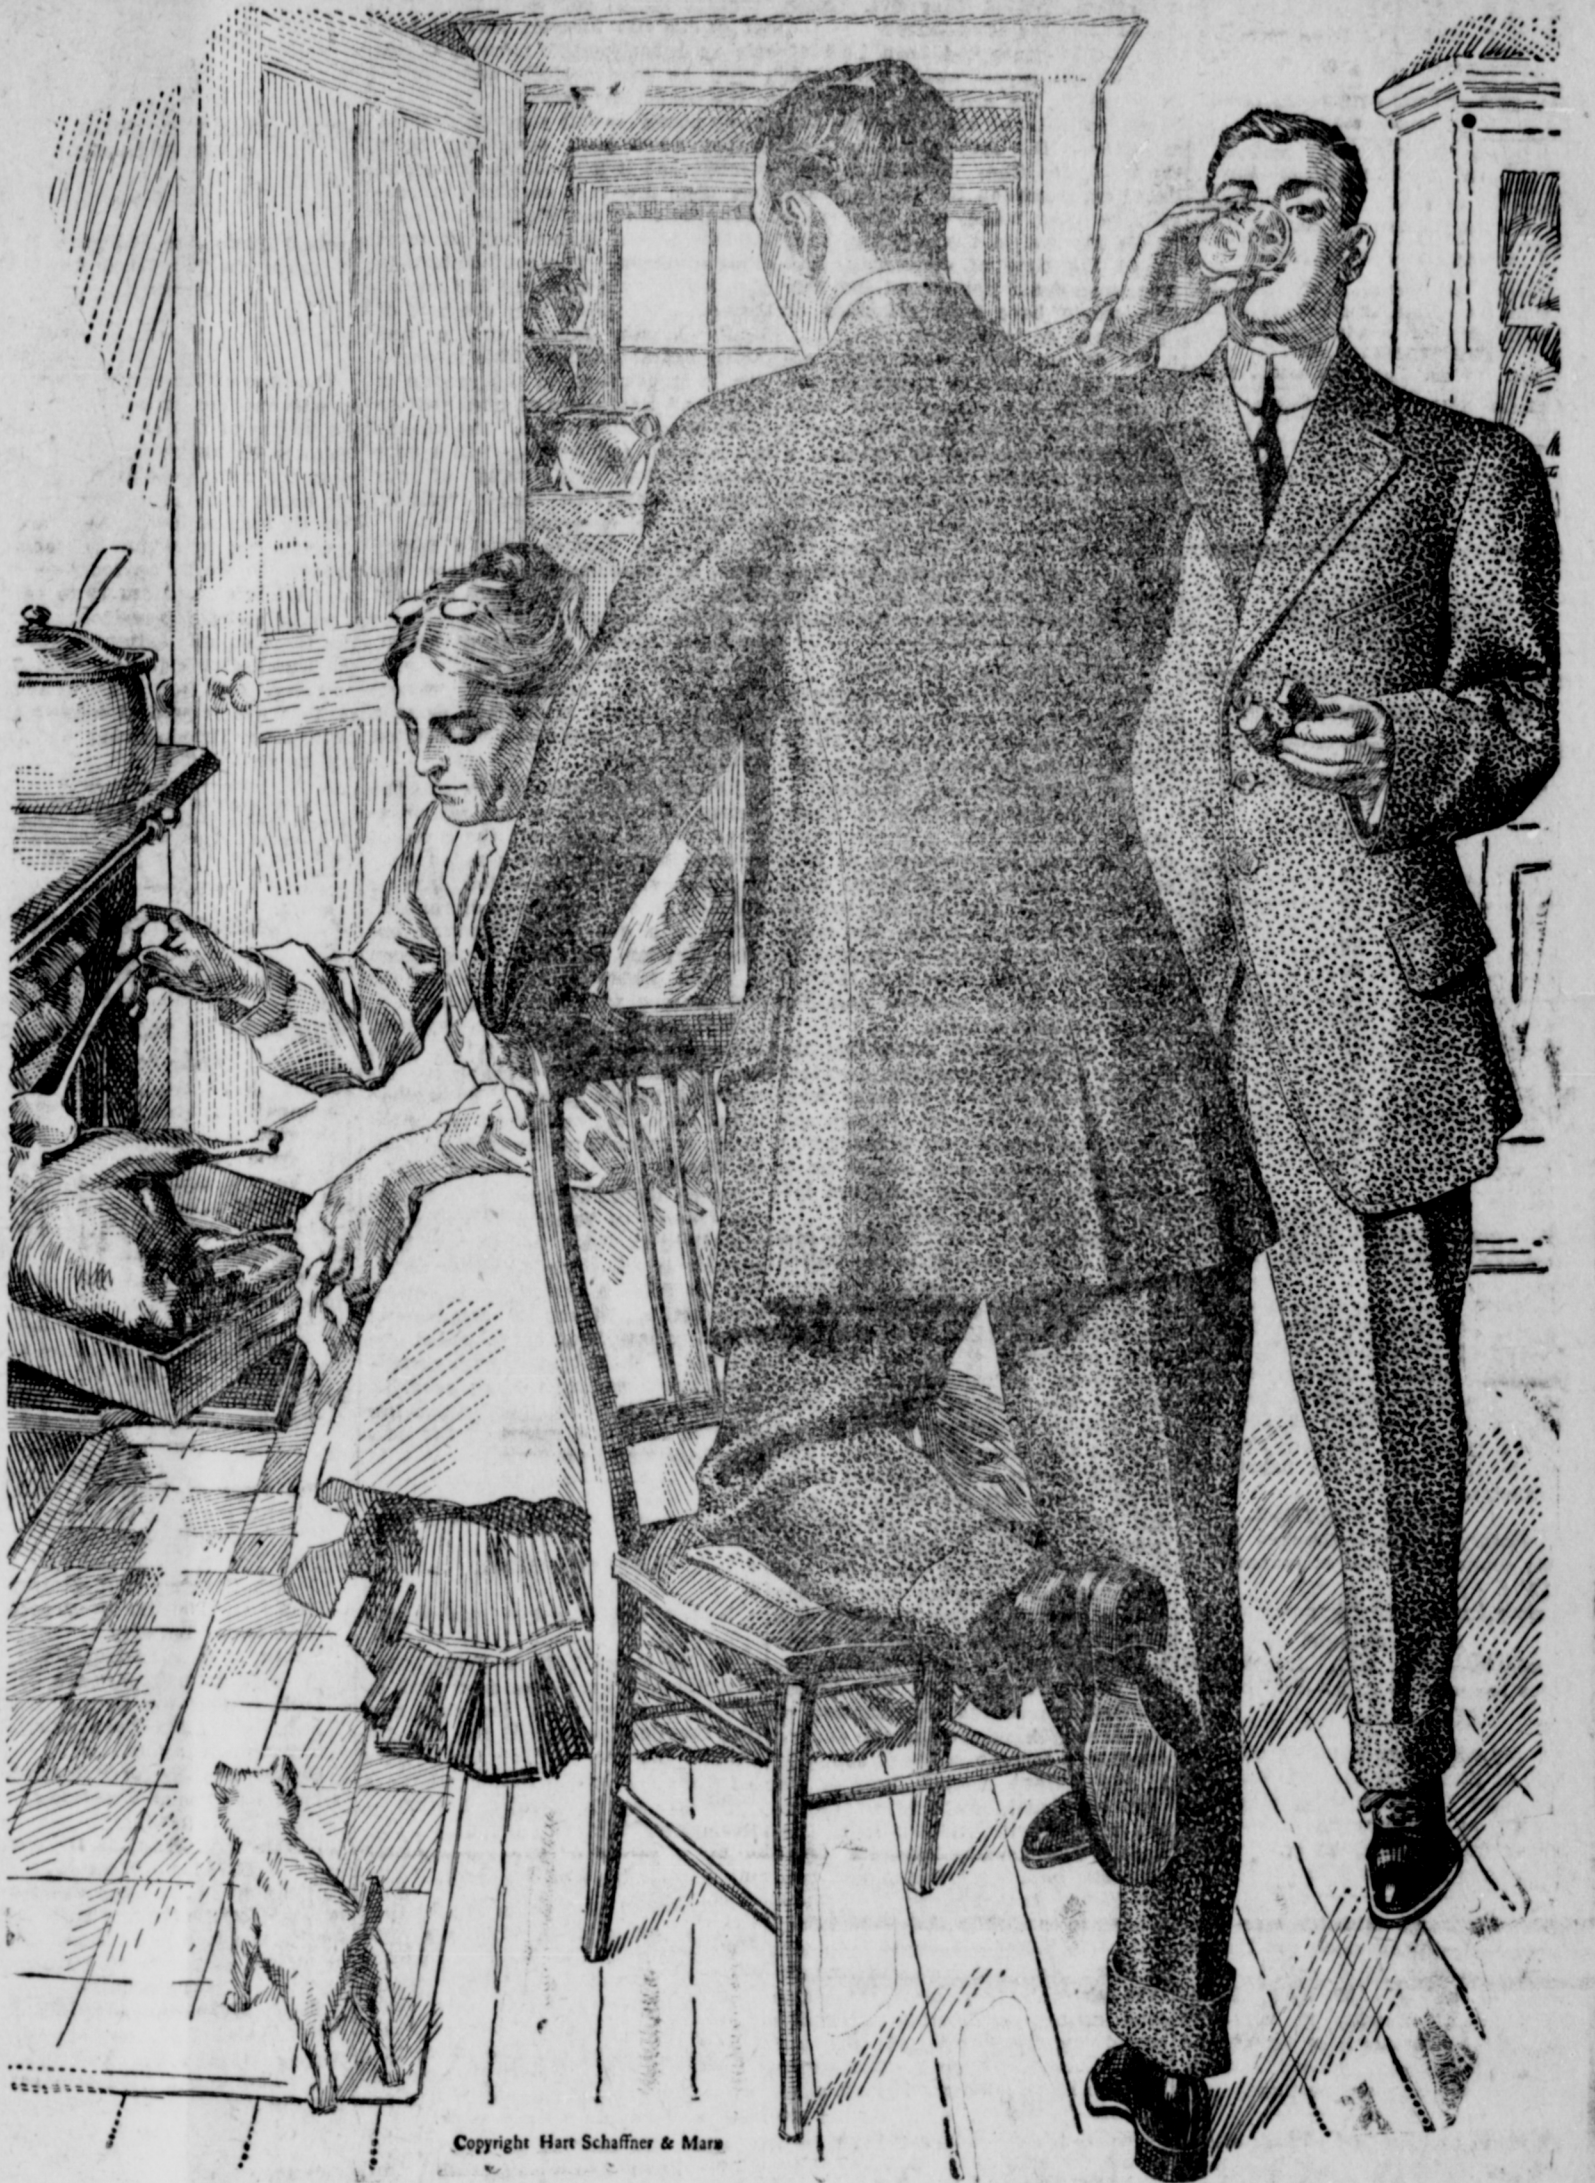

A Philadelphia chemist who analyzed Parisian Sage said: "It is the ideal dressing for the hair. The ingredients are so scientifically combined that Parisian Sage is first of all a hair grower, because it surely destroys dandruff germs, and nourishes the hair roots."

"Second, it puts life, substance and brilliancy into the hair which improves the attractiveness of any one."

"Third, it is very delicately scented; is not a particle sticky or greasy, and does not contain one atom of anything that could possibly injure scalp or hair."

Parisian Sage is now sold all over America by progressive druggists, and in Paducah by W. J. Gilbert, who is glad to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back.

Price 50 cents. Made in America by Gloux Mfg. Co., Buffalo, N. Y., who fill mail orders. The girl with the Auburn hair is on every package.

**PETER PURYEAR,**  
 Notary Public McCracken Co.  
 My commission expires January 10, 1912.

**Daily Thought.**  
 Gain has oft with treacherous hopes led men to ruin.—Sophocles.

A representative of Governor Deane, of Illinois, at the national railroad and warehouse commission meeting at Washington, announced that Illinois will eliminate the grade crossings in the near future.

The St. Louis minister who suggested that women stood for Isadora Duncan dancing in a certain only ought to be able to stand Evangelist "Billy" Sunday in his shirt sleeves, is optimistic if he expects the same women, who watched Isadora, to attend the Sunday meetings.

The complaint of New York critics that too much attention has been given to space in the New theater and it lacks coziness and the sympathy of close intimacy between performers and audience, need not worry about the crowds, if the theater really is aiming at art for art's sake. People in the galleries are prone to agree that "Life is short, but art is long," and govern themselves accordingly.

James J. Hill, a prophet among his people, declared at Washington again that "history shows that the high cost of living is the beginning of every national decline." High living he might have said; but it means the same thing. High is a relative term. There are hundreds of thousands of acres of valuable land in the heart of the most densely settled sections of this country, which are not under cultivation. Mr. Hill has opened a question of national concern. Fortunately the increase in the price of farm products is accompanied with an increase in farm values, which is gradually tempting people back to the country, where living conditions are being bettered. Prophets are valuable, if their warnings are heeded in time.

**THE FARMERS' INSTITUTE.**  
 "The McCracken County Farmers' Institute at Maxon was excellent in every feature excepting attendance," says a report, which we received from there by mail.

We could conceive of no feature more important than the one, which failed of excellence on this occasion. The only thing that could possibly make up for the lack of attendance, would be the widespread publicity of the proceedings. That is possible in two ways: by sending out printed pamphlets; or by publication in the newspapers. The latter method is the only way to insure the proceedings being read. The only way to secure publicity of the proceedings of the institute in the newspapers is to tell the institute where the newspapers can cover it.

Thus we see that the McCracken County Farmers' Institute is an absolute failure this year, and the failure is the entire fault of the man, who located it away off in the county, instead of bringing it to Paducah.

We understand, that at one time the local promoters, responsible for locating the institute, declared that they could not get a crowd to attend in Paducah; so they would hold it off in a corner of the county

somewhere. Well, they did. How do they like the attendance?

If the institute had been held at Paducah the papers would have sent reporters to the meetings, and published extracts of the speeches and accounts of the daily proceedings of the institute. They would have published preparations for the institute as they were made, and stimulated public interest in the meeting right up to the time of convening, and men, who could not attend the first day, would have been reminded of the second day's sessions.

We do not know what really actuated the authorities in placing the institute in the county away from Paducah; we do not know whether it was personal aversion to Paducah, a desire to gratify the ambition of some particular rural community, or just plain lack of good, sound judgment; but whatever the reason, the institute was a flat failure, as far as reaching the rank and file of McCracken county farmers is concerned.

## THE SPANISH SWINDLE.

The state department is sending to the press of the country a communication of interest concerning clever knavery that originated in Spain during the Cuban troubles. It says:

The department of state, at Washington, has received a report from the American consul-general at Barcelona, Spain, in regard to the band of swindlers operating in various towns and cities in Spain, who make a practice of writing to persons in the United States respecting the imprisonment of a relative and the guardianship of a child.

The consul-general states that the alleged prisoner generally describes himself as a political prisoner from Cuba; he is at the point of death and has but one friend—the prison priest—through whose good offices he is enabled to smuggle an occasional letter out of the prison fort.

The prisoner is rich. He has a fortune in cash on deposit in the United States, but the certificate of deposit is concealed in a secret receptacle of his valise; the valise itself has been taken possession of by the court at Carthagena, which tried and condemned him, and will be held until the prisoner or his representative has satisfied the costs of the trial. The prisoner has an only daughter; dying in his prison, his sole thought is of this beloved offspring. He has no friend or relative in Spain to whose care he can commit her. In this emergency his thoughts turn to the distant relative in the United States whom he has never seen and of whom he knows only through hearsay or the family tree. Will the distant relative assume the guardianship of the darling daughter and the \$30,000 fortune of the prisoner?

If the distant relative accepts the trust one-fourth of the material fortune will be the material reward. The good priest will go at once to the United States and take the darling daughter with him. There is but one condition; the ready money which the prisoner brought with him to Spain has been exhausted; the distant relative is therefore requested to send enough to liberate the valise containing the secret receptacle and the certificate of deposit. This money is to be sent to the good priest at an address indicated, and, having received it, the good priest will at once secure the valise and start for America, the "land of the free and the home of the brave," with the darling daughter.

The above is generally the first letter of the series. It is quickly followed by another in which the prisoner pathetically states that his strength is rapidly failing and the end is near. He beseeches his dear distant relative to assume the trust and be a loving father to the darling daughter. The third letter is from the good priest himself, who in brief, touching terms, and hopelessly bad English, announces the death of the unhappy prisoner; the good priest adds that the darling daughter is under his care. He is ready to put his promise into execution and start for the United States as soon as he shall have received the necessary funds from the distant relative. The good priest frequently incloses with his letter a bogus newspaper clipping announcing the death in prison at Barcelona of the famous Cuban patriot (sometimes called Augustin Lafontaine); the newspaper notice also speaks cunningly of the confiscated valise and the darling daughter.

It is a simple theme, but presented in such a plausible way that almost any unsuspecting "distant relative" of European extraction would be more or less deceived by the glad prospect of falling heir to the agreeable custody of a darling daughter with a big fortune, and a one-fourth interest therein as an additional recompense.

Naturally the first impulse of the distant relative is to ask a lawyer or a judge or some authority what course he ought to pursue in the premises, but as he thinks of doing this his attention is taken by the warning in the prisoner's letter beseeching him not to mention the matter to any living soul lest the secret of the valise and the hidden receptacle be indiscreetly betrayed.

The valise, after all, with its concealed certificate of deposit, is the key to the situation and possession must be taken of it before anything can be done or said. This (so cunningly set forth by the prisoner) is very evident to the distant relative, and so he quite frequently preserves the secret intact, and instead of consulting a lawyer or writing to the American consul-general at Barcelona, he quietly sends a draft for the sum demanded to the good priest and awaits results. Of course he waits in vain, and the poor, dead prisoner and the good priest and the darling

daughter in the course of time pass out of his life forever, leaving him only an uncomfortable memory of the money he so cheerfully contributed to the confidence game.

For nearly twenty years these same knaves have been practicing their swindle, and it is needless to suggest that they are very carefully organized; they have confederates not only in the United States but in most other countries. The confederates in question select a man and find out all they can about him; they get hold of family names, family origin, and family characteristics. This information is transmitted to the rascals in Spain and letters are at once written to the prospective victim. The scheme is presented and developed in a very plausible way and many of our fellow countrymen have "bitten" promptly and cheerfully.

Under the Spanish laws a felony must be consummated before the police may act, and a mere attempt to obtain money by false pretenses does not appear to warrant arrest. The money must be actually paid over and the prosecuting witness must be present in propria persona to testify; otherwise prosecution would be useless.

Recently the letters written to the distant relative have varied somewhat from the original; the political prisoner having become a noted Russian banker who absconded, leaving a deficit of some millions of roubles, killed in a quarrel in England another Russian, and finally took refuge in Spain, where he was apprehended and charged with manslaughter.

This change of character, however, is immaterial, and in the future more new characters will probably be introduced by the gang. The scheme is the same, and the public is warned to place no credence in such or similar letters.

Every effort has been made by the department of state and its representatives in Spain to unmask these scoundrels and bring them to justice, and the Spanish authorities have also been active and several members of the gang have been apprehended and held for trial, but so far no convictions have resulted, owing probably to the peculiarity of the Spanish law referred to in the report of the consul-general at Barcelona.

### No Barns Left in Trigg.

A tobacco barn was destroyed by fire in Todd county a few days ago, and the Courier-Journal had the dispatch header, "Tobacco Barn Burned in Trigg." Better rub up a little on your geography, brother.—Cadiz Record.

### The Cow Law.

Down in Livingston county they have a county clerk who is a good deal of a wit. He delights to exercise his whimsies at the expense of his constituents, and is never quite so happy as when he can contrive to get them tangled up as to where they are at. At the recent election he propounded for their solution the following enigma: "Are you for, or against, the running at large of cattle?" In the five precincts where this puzzle was presented, and which were variously carried by ayes, and noes, no one has arisen, so far, competent to determine with whom the victory lies.—Louisville Times.

## SOME STORIES AROUND TOWN

Recently the pupils of the A sixth grade of the Washington school were required to write a paper on Patrick Henry after they had completed their study in history of the famous character of the Revolutionary days. Every pupil included the famous declaration in the paper, but the position of the phrase in one of the papers was amusing. After giving the biography of the famous Virginian one of the boys in the class closed his theme with: "He was married and it was he who said, 'Give me liberty or give me death.'"

## TURKEYS

WILL COMMAND HIGH PRICES THIS SEASON.

Dressed Birds Are Bringing Twenty Cents on the Local Market Already.

The days of the turkey are nearing an end and the national bird will be the victim of the ax next Thursday, which is Thanksgiving. Few dressed birds are being sold at the city market house and those who are exceptionally fond of turkeys now are paying the big price of 20 cents per pound. Turkeys "on foot" or "live" ones are bringing from 12 to 14 cents a pound and many residents are buying them in and fattening them for the Thanksgiving dinner. The prices, however, both for dressed and live turkeys will remain at soaring prices until after Thanksgiving when they will be diminished.

## WHAT FARMERS CAN DO.

Assistant Secretary of Agriculture  
 W. H. Hays Speaks to Congress.

Chicago, Nov. 19.—The importance of the work of the department of agriculture and growth of the nation was emphasized here by W. M. Hays, assistant secretary of agriculture, in an address before the National Farm Land Congress.

Speaking on the subject, "What the Department of Agriculture is Doing," Mr. Hays declared: "The development of agriculture science can easily be made so productive as to add sufficient to the revenues of our farms as to be equal to the national expenditure, already over a billion dollars annually."

"The possibilities are still in our soils, the demands upon us are not merely for additional breadstuffs, but for sufficient food for a rapidly multiplying population."

## REV. W. H. FITE

PREACHES EXCELLENT SERMON AT FIRST CHRISTIAN.

A very favorable impression was made upon a representative membership of the First Christian church last night by the Rev. W. H. Fite, of Fulton, Mo., who was asked to deliver a sermon here by the official board. Dr. Fite is a strong and eloquent speaker and delivered an able sermon on the subject of "The preminence of Christ." The church was well filled with an attentive audience and although the board has announced nothing in regard to calling a minister, it is said that a call will be extended to the Rev. Mr. Fite. He returned this morning.

### GOVERNMENT MAN TELLS OF SUGAR

#### ROOSEVELT UNEARTHED FRAUD AND TAFT PROSECUTES.

New York, Nov. 19.—An official prominent both in the Roosevelt and Taft administrations gave the first inside story, regarding the sugar trust today, asking that his name be withheld. He said Roosevelt's administration unearthed the frauds and started the prosecutions. Taft's administration is finishing. The rebates, weighing frauds and the Erie case are the principal points. The latter is under the anti-trust law.

#### Custom House Shake-Up.

New York, Nov. 19.—A shake-up in the New York customs house as the result of the sugar fraud exposures began yesterday with the dismissal of six of the suspected employees by Collector Loeb. A house cleaning commission of eight experts was appointed by Loeb to "make the New York customs house a model for the country."  
All the men dismissed were inspectors. Four were formerly assistant sugar valuers. The reason for Loeb's dismissal of the other two was the acceptance of tips from steamship passengers. It is reported that more than 50 others will be ousted in a few days.

#### Unclassified Laborers, Too.

Washington, Nov. 19.—Unclassified laborers in the New York customs house, the files of the civil service show, were put to work as sugar samplers between the years of 1899 and 1902, in contravention to the law. Such work was given Henry C. Corsa, an unclassified laborer, whose record of alleged bribery for sugar sampling was published yesterday.  
On August 25, 1902, the civil service commission called the matter to the attention of the secretary of the treasury. Shaw's attention was further directed to the fact that several investigations made by the commission since 1899 indicated practically the same state of affairs and that each time the department had explicitly instructed the appraiser at New York to discontinue the practice.

Vandeville has caught the eyes of two more young Paducahans who will leave in two weeks to follow the circuit in which they are now being booked. They are Osborn Walker, novelty barrel jumper, and George Rock, black face and "rube." Both are clever performers and have made favorable impressions upon audiences here, having appeared on amateur nights.

No. 54 won the quilt.

### IN SOCIAL CIRCLES

**Art Department's Pleasing Program.**  
The Art Department of the Woman's club will meet Saturday at 10 a. m. at the club house. The program will be:

David Teniers—"The Older and the Younger"—Mrs. J. C. Flournoy.  
Van Dyke, Painter of Aristocrats, 1625-1634—Mrs. Sydney Loeb.  
Van Dyke Canvases—Mrs. George Langstaff, Jr.  
An Old Flemish Master—Dr. Della Caldwell.  
Reading—Longfellow's "Belfry of Bruges"—Miss Hopkins.

#### Theater Parties.

Mr. and Mrs. Willis Ward and Mr. Vance Park, of Metropolis; Mr. and Mrs. Byron Herbert, of Cairo; Dan Williams, manager of the Cairo opera house, and Miss Alice Strong, of Cairo, were in the city last evening to attend the Warfield performance.

#### Winston-Davis.

The Wednesday's Fulton Daily Commercial says of the Paducah couple recently married there:

"Miss Mary Davis and Sam Winston, both of Paducah, were united in marriage Tuesday night about 9 o'clock. The young couple, accompanied by Mrs. John Cashon, a sister of the bride, reached Fulton on the 7:30 train. Not knowing where the famous marrying squire, J. T. Futrell, lived, Mr. Winston called a cab and drove by to pick up his friend. Jas. White, who directed the way to Mr. Futrell's home. The genial squire had retired but the first peal of the door bell brought him out of slumberland. The license was speedily prepared and Miss Davis and Mr. Winston were soon married. The bride is an exceptionally pretty little woman and belongs to a good old Paducah family. The groom was born and reared in Wingo but for the past two or three years has resided in Paducah. He holds a position as flagman on the Illinois Central road with a run between Paducah and Fulton. The happy pair will reside in Paducah to which place they returned on the midnight train."

**Mite Society's Anniversary Reception.**  
The Ladies' Mite society of the First Baptist church will celebrate its 35th anniversary with a reception this evening from 8 to 10 o'clock at the parsonage of the church, 125 North Fifth street. It will be a pleasant social occasion. The congregation of the church and all friends are invited to be present.

**Pretty Entre Nous Bridge Afternoon.**  
Miss Blanche Hill entertained the Entre Nous club most delightfully on Thursday afternoon at her home on North Ninth street with a Bridge party. It was a pretty honor event to the two popular brides-elect, Miss Della Coleman and Miss Lillian Gregory, who are members of the club.  
The highest score was made by Mrs. Paul Province, who received the club prize, a box of dainty handkerchiefs. The honor guests were presented with exquisite corsage bouquets, one of American Beauty roses and the others of the Japanese yellow chrysanthemums.  
A two-course luncheon was served in the dining room after the game. The green and white color motif was prettily carried out in the decorations of the rooms and in the attractively appointed luncheon.

The club members present were: Misses Rella Coleman, Lillian Gregory, May Owen, Sarah Sanders, Marie Cobb, Robbie Loving, Eloise Mary Hood, of Minneapolis; Elise Paxton, Mesdames David Koger, John Brooks, Calhoun Riepe, Paul Province and Andrew Campbell.

The out-of-town guests were Misses Mary Hood, of Minneapolis; Elise Dandridge, of Frankfort, and Mrs. Craig Coburn, of Memphis.

Miss Coleman left after the party for Murray, Ky., where she will be married on Wednesday morning at 9 o'clock.

**Mrs. Keller and Miss Keller to Return Tonight.**  
Mr. and Mrs. John W. Keller and Miss Anita Louise Keller, of West Terrace, will arrive home tonight from New York, where they have spent a short time since the return of Mrs. Keller and Miss Keller from Europe. Mr. Keller met them in New York when they landed.

Mrs. Keller and Miss Keller have been abroad since the early spring and have had a most delightful and leisurely trip. They accompanied Mrs. Hood and party, of Baltimore. Miss Mary Wheeler, who was with the party, remained in New York to study.

Mrs. Max B. Nahm, of Bowling Green, is here to greet her sister, Mrs. Keller, on her return.

**Splendid Talk By Dr. Caldwell.**  
The Woman's club met in regular fortnightly session yesterday afternoon at the club house. The business meeting was largely routine. One new member was added to the club roster. A change has been made in the personnel of the executive board of the club owing to the resignation of Mrs. I. D. Wilcox, chairman of Hospitalities. Mrs. Muscoe Burnett, chairman of the department of Literature, was appointed to the Hospitalities, and Miss Helen Lowry, vice chairman of Literature, will be the chairman of the department.

The open meeting of the club was under the auspices of the Educational department. Mrs. I. O. Walker, chairman of the department, presided. In an interesting introductory talk, Mrs. Walker outlined the work of this department in pleasing way and appealed for the co-operation of

**CAUSES CONSUMPTION.**  
If you have catarrh, don't fool yourself into the belief that it is a harmless disease.

At least one-half of the consumption in the world can be traced to catarrh.

Here are some symptoms of catarrh; if you have any of them get rid of them while there is yet time:

Is your throat raw?  
Do you sneeze often?  
Is your breath foul?  
Are your eyes watery?  
Do you take cold easily?  
Is your nose stopped up?  
Do you have to spit often?  
Do cruds form in your nose?  
Do you blow your nose a great deal?

Are you losing your sense of smell?

Does your mouth taste bad morning?

Do you have to clear your throat on rising?

Does mucous drop in back of throat?

Hyomel is guaranteed to cure catarrh, sore throat, coughs, colds, croup and bronchitis or money back. Just breathe it in. Complete outfit, including hard rubber inhaler, \$1.00; extra bottles, 50 cents. Leading druggists everywhere sell Hyomel. W. J. Gilbert guarantees it.

Drop a postal for our free book, Booth's Famous People. Booth's Hyomel Co., Buffalo, N. Y.

all. She introduced Dr. Della Caldwell as the speaker of the afternoon. Dr. Caldwell's two-fold theme was one of vital interest and importance, "Medical Inspection of the Schools—Contagious Diseases of Children, Their Prevention and Cure." She handled it in a clear and vigorous style and left no doubt in the minds of those who heard her of the great importance of a medical inspection in the schools and stressed the necessity of children standing a physical examination, especially in regard to the eye, ear and throat. The prevention and cure of contagious disease of children was also logically and splendidly handled.

A number of visitors were present to hear Dr. Caldwell, among them J. A. Carnegie, superintendent of the city schools; Dr. H. P. Sights, city health officer; some members of the Board of Education, some of the city teachers and some of the physicians. Dr. C. E. Purcell made a short talk, endorsing all Dr. Caldwell said.

**Cup and Saucer Shower.**  
Mrs. Victor Veris' Cup and Saucer shower this afternoon from 4 to 6 o'clock at her home, on Jefferson street, is a pretty compliment to Miss Gregory, a bride of the coming week.

Mrs. Veris' charm and genius as a hostess makes it an event of more than usual social interest and something beautiful in the way of a party. The guest-list is a large one and a number of men are informally invited for the latter hour.

#### Missionary Tea.

The Woman's auxiliary of Grace Episcopal church is holding its Missionary Tea for November this afternoon at the parish house. The Rev. David Cady Wright has charge of the meeting and will give a resume of the recent southern conference on missions that he attended at Montgomery, Ala. Miss Temple is the hostess for the afternoon.

#### Kalosophic Club This Morning.

The Kalosophic club met at the Woman's club house this morning at 10 o'clock. The program of the morning was delightfully presented as follows:

1. Conditions in France in the Time of Francis I. The Court—Mrs. David Koger.  
2. Character Sketch of Francis I.—Mrs. John Brooks.  
3. The Field of the Cloth of Gold Calais—Miss May Owen.

Current Events—Miss Helen Hills.

#### Dr. S. Wolfenstein, of Cleveland to Lecture at Temple Israel Sunday Evening.

One of the most interesting lectures to be delivered here this winter will undoubtedly be the stereopticon lecture on the Cleveland Orphan Home to be given Sunday evening at Temple Israel by Dr. S. Wolfenstein, who has been superintendent of that institution for more than thirty years. The Cleveland Jewish orphan asylum is universally conceded to be one of the model institutions of its kind in this country, and Dr. Wolfenstein is everywhere considered as an authority upon institutional life, and is also a very interesting and entertaining speaker. The lecture will be given under the auspices of the local B'nai B'rith lodge and will form the feature of its annual B'nai B'rith day celebration. The lecture will be open to the public and no admission will be charged. All are cordially invited.

#### Surprise Wedding.

Withholding their marriage on September 18 at Nashville from their closest friends, Mr. and Mrs. O. L. Hatch have sprung a surprise. The bride was Miss Lena Englert, daughter of Mrs. W. N. Hoselton, 508 South Fourth street, while the groom is O. L. Hatch, formerly of Chicago, now bookkeeper for C. E. Jennings, an insurance and real estate dealer.

Mr. Hatch came here ten days ago, accepting his present position. The bride is a popular young girl of the south side. They are at home at 508 South Fourth street. When seen by a reporter for The Sun this morning Mr. Hatch would neither affirm or deny the announcement. He refused to make any statement whatever about the marriage, other than what had been said.

#### Newell Society's Art Exhibit.

The Newell society of the Broadway Methodist church will have a display of the Paul Elder artistic Thanksgiving and Christmas novelties at Gilbert's drug store, corner Broadway and Fourth street, Saturday afternoon and evening. The Paul Elder company, of San Francisco, is notable for its attractive and beautiful publication, and the Newell society featured a successful display for a Christmas bazaar last year.

Miss Lena Walker, 1616 Broad street, left this morning for East St. Louis, Ill., on a visit to Mr. and Mrs. Joseph F. Walker.

Miss Helen Van Meter will return home this afternoon from the Campbell Hagerman school at Lexington to spend Thanksgiving with her parents.

Dr. W. W. Gourley, Charles Savage, Mr. and Mrs. H. B. DeZonia, Miss Mary Carr, Frank Carr, R. M. Chowning, Allen Sellars and Jeff Johnson, of Fulton, attended the Warfield performance last night.

Miss Alice Drabelle, of St. Louis, arrived this morning to visit Mrs. Robert D. MacMillen, 1616 Jefferson street.

Miss Aline Baker, of St. Louis, arrived this morning to visit Miss Lillian Gregory, 320 North Eighth street. Miss Baker formerly lived in Paducah and is pleasantly remembered here. She will be one of the Gregory-Robinson bridal party.

Edgar Warren, of Paducah, Ky., is here for a few days, looking over the country with a view to locating Roswell (N. M.) Record.

Miss Louise Harrison, of Clarksville, will arrive next Wednesday on a visit to Mr. and Mrs. Guy Martin, Fourth and Monroe streets. Miss Harrison has visited in Paducah and is a popular girl.

Miss Lucy Dyer, of Sturgis, will arrive tomorrow evening to be the guest of Miss Nella Hatfield.

Mr. F. M. Bush, of Smithland, is in the city.

Attorney L. D. Threlkeld, of Smithland, arrived this morning on business.

Dr. F. G. LaRue, of Smithland, passed through the city en route home from a trip to Kuttawa.

Dr. J. D. Threlkeld, of Smithland, is in the city today.

Mr. and Mrs. Roy McKinney have returned from Cadiz, where they attended the wedding of Mr. McKinney's sister, Miss Margaret Lane McKinney, to Mr. J. E. Lytle, of Arkansas, on Wednesday.

Mr. Clarence F. Parker, of Chicago, purchasing agent of the Illinois Central railroad, was in the city yesterday afternoon on his private car, leaving at 6:15 o'clock for Cairo. Mr. Parker has many friends in Paducah, where he frequently visited when he was connected with the old Paducah and St. Louis railroad.

### GUNNESS VICTIM

#### IDENTIFIED BY MEANS OF HIS WATCH.

#### His Brother Recognizes Timepiece—Killed by the LaPorte, Ind., Murderer.

LaPorte, Nov. 19.—Samuel Lien, who recently returned from a Pacific cruise of three years, today identified the watch found in the ruins of the Guinness house as belonging to his brother, Tonia.

Lien learned that his brother went to LaPorte in April, 1907, following a correspondence with Mrs. Guinness about advertisements for a husband he read in a Norwegian paper. He had not been heard from since. Tonia took \$1,000 with him to pay the mortgage on the Guinness farm.

Lien's body was one of the ten mutilated corpses found buried in the Guinness yard.

#### Irish Wit and Humor.

Seumas MacManus, the Irish poet and lecturer, will deliver his delightful "Stories of Irish Fairy and Folk Lore" at Three Links building, Friday evening, November 19th, under the auspices of the Knights of Columbus.

The talk, delivered in pleasing style, is rich in humor, wit and pathos. Admission 25 cents. Tickets on sale at Illinois central city office, R. W. Walker's drug store, Wolf's jewelry store, Doherty's dry goods store and at the door.

Every blessing makes you a debtor.

# "BABY MINE"

Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread. Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold," say many who have used it.

**MOTHER'S FRIEND**

MEANS BETTER SERVICE.

Cumberland President Tells Object of the Merger.

Nashville, Tenn., Nov. 19.—When seen regarding the telegraph and telephone merger, President James E. Caldwell, of the Cumberland Telephone and Telegraph company, said in substance that it has been the fixed purpose of those interested officially in the companies to hold down the capitalization and avoid anything like an inflation of values. They have consistently endeavored, too, to keep the enterprise as near together as possible, securing permanency. Along with these efforts they have endeavored to render the best service possible.

State Aid for Indigents.

Under the system of state aid for the unemployed in operation in England the number of applications for aid is increased from 90,557 in 1908, to 196,757 in 1909, and the number of dependents increased from 156,371 to 376,013. It is not claimed that the extent of industrial depression increased in any such proportion or that the figures actually represent the decline of prosperity among the working classes. Explanation is to be found in the fact that state aid begets dependency, that it is a constant tendency away from self-help and self-reliance toward government aid and dependency on the state.—Boston Herald.

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. able, realizing that this is the thing for which the public is constantly clamoring. The deal between the Western Union and American companies, just reported, is along this line. In other words, it means cooperation. It means such a combination of interests as will enable those in official charge of the business to spread out, to take advantage of the equipments of the two companies, and by combining plants and forces to thereby greatly extend and improve the service rendered the public.

President Caldwell says that the deal will in no way affect the business of the Cumberland Telephone and Telegraph company.

## MONKEY MEMORY

# EXCELLS MAN'S

SAYS PROFESSOR W. T. SHEPHERD, OF WASHINGTON.

Has Been Making Experiments With a Chimpanzee at the University of George Washington.

Washington, Nov. 19. (United Press.)—A chimpanzee man's superior? He is in some respects at least, according to Prof. W. T. Shepherd, of George Washington university, who has been conducting minute scientific investigations here with a troop of eleven of the little animals. Professor Shepherd asserts that the monkey is endowed with greater faculties for perception, sensation and memory than man. The beast is far from attaining the level of man when it comes to reason, judgment and imagination.

"While my experiments of the past few months have conclusively demonstrated that the monkey is superior to a human being so far as the lower animal faculties are concerned," said Prof. Shepherd, "I hesitate to believe that the little animal will ever be able to approach the high standard of mentality of man. By this I mean that the monkey never can attain the highest mental faculties, such as exercising judgment and reason. However, nature, and nature alone, will be able to improve the brain, whether it be the brain of man or monkey."

"I believe, like Darwin, that the human race sprang from the monkey, or a higher developed animal of this species. That is, the physical form of man undoubtedly can be traced to the monkey."

"Experiments with the dog and cat have shown to my satisfaction that the monkey is superior in many ways to either of these animals."

"For instance, I arranged a test that I might observe the amount of intelligence displayed by the three animals, and the monkey carried off honors. I placed a stick in a piece of meat and out it within a few inches of a cage in which a monkey resided."

"The animal could not reach the meat, but he could touch the stick. Without a moment's hesitation the little fellow grasped the stick and hauled the meat into his cage."

"The same experiment was worked on a cat and dog, but each of these animals failed to see the usefulness of the stick. They reached and clawed for the meat, but the fact that it might be obtained by moving the stick never occurred to them."

Prof. Shepherd is now busily engaged writing a treatise on his experiments. Meanwhile assistants are still further studying the animals, inventing new tests to determine their relative plane, and trying to "civilize" them.

A Tool of Trade.

The monkey that collects pennies for the organ grinder is a "tool of trade."

That is what the customs service officially designates the animal. Like, wise, trained cats, or charmed snakes or performing critters of any kind whatsoever—provided they are "beasts"—are considered the "implements, instruments and tools of trade, occupation or employment."

The customs sharks have had to pass on numerous cases involving application of this rule. The latest is that of Alice Thiemann, a German, who landed in New York some months ago with a troupe of trained cats. The appraiser got busy and assessed a duty on the felines. Thereupon Miss Thiemann quoted previous decisions to the board of appraisers showing that the courts had adjudged such animals "tools" and granted their free entry.

Unfortunately for the German lady, however, congress in 1897 ruled that it was only "tools" of persons emigrating to this country that were exempt. Prior to that time the law read "persons arriving at the United States." Miss Thiemann said she was a German citizen and consequent ly has to pay duty.

Several notable cases have been before the courts on precisely the same question. Soon after the law of 1890—which specified "persons arriving"—went into effect, Mme. Magnon, a snake charmer, took her case into the circuit court for the southern district of New York, where it was decided that her reptiles were "tools of trade," and since she was certainly "an arrival" at the shores of America, granted her permission to bring in the snakes free.

Just after the new law of 1897 was enacted, Winschermann, a vaudeville performer who "arrived" at New York, sought to have his trained bear similarly designated as his professional "implement of trade." Just as in Miss Thiemann's case, however, the court ruled against it, on the ground that Winschermann wasn't an emigrant to the United States.

The Value of Proprietary Medicines.

Is proven by the very large percentage of physicians' prescriptions for the same remedies found in every drug store in America, but as they are written in Latin, few patients realize this fact.

The old standard proprietary medicines like Lida E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

## IMPORTANT TO ALL WOMEN

### READERS OF THIS PAPER.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearingdown feelings, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But thousands of irritable, nervous, tired and broken-down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy. Swamp-Root brings new life and activity to the kidneys, the cause of such troubles.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Birmingham, N. Y., and receive sample bottle free by mail. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

## PAN-AMERICAN THANKSGIVING

### President Taft and Other State Diplomatic Officers Will Attend.

Washington, Nov. 19.—St. Patrick's Catholic church in this city will be the scene of a notable gathering on Thanksgiving Day, when President Taft, Vice-President Sherman, the cabinet, members of the supreme court of the United States, senators and representatives in congress and prominent Catholic prelates will attend a pan-American Thanksgiving celebration of solemn high mass in the presence of Cardinal Gibbons, Mgr. Falconi, the papal delegate, and others.

Invitations already have been sent out by Rev. Wm. T. Russell, rector of St. Patrick's church, and among the acceptances received was one from President Taft. The members of the pan-American congress also will attend the celebration as will the diplomatic representatives of the Latin-American countries.

## HOW TO CURE SKIN DISEASES.

This is the question that has baffled the medical profession for centuries. A great many medicines have been exploited for the cure of skin diseases without much success. Most of these remedies were salves or greasy lotions. While they might give temporary relief they did not have the power to destroy the germ life that causes the disease. You can now obtain from Mr. W. J. Gilbert, the druggist, a clean, vegetable liquid remedy for external use that will give prompt relief and permanently cure eczema and every form of skin or scalp disease. This remedy, which is known as ZEMO cures by drawing to the surface of the skin, and destroying the germ life that causes the disease. It can be used freely on infants. Mr. W. J. Gilbert says ZEMO gives the best satisfaction of any medicine he has ever sold for the treatment of all diseases of the skin or scalp.

## MAGAZINE EDITOR DEAD.

Richard Watson Gilder, of Century Magazine.

New York, Nov. 19.—Richard Watson Gilder, author and editor of the Century Magazine, died of heart disease. Gilder was taken ill during the delivery of a lecture November 3, but recovered apparently. His physicians realized that the malady was grave, but did not acquaint Gilder with the truth.

Our principles are simply our habits of thinking.

## Pleasant to Take

Young people have a proverbial disregard for extra wraps or rubbers, hence many of them have a cough most of the time.

This isn't right. Because the superabundant vitality of youth will throw off diseases which would kill older people, is no reason that coughs and colds among children should be neglected. The boy or girl who contracts a cough needs

and should be given it without delay. This medicine is pleasant to take and is guaranteed to break up at once and ultimately cure the most stubborn cough. # Cuts the Fuel Bill in Half

## For Soft Coal, Lignite or Hard Coal

Do you know fully one-half the carbon available for heat in soft coal is gas, the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

# Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not air tight, do not save the escaping gases and do not give you a warm house at night. You cannot afford to say to yourself "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

## Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time.

### —OUR GUARANTEE—

- 1—We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal or slack.
- 2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same heating surface.
- 3—We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4—We guarantee that the stove will hold fire with soft coal 36 hours without attention.
- 5—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6—We guarantee every stove to remain absolutely air tight as long as used.
- 7—We guarantee the feed door to be smoke and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good fire.

## For Hard Coal—Saves Half

The perfect control over the drafts, the slow economical combustion and the large positive radiating surface make Cole's Original Hot Blast the most economical and the best Hard Coal stove made.

Cole's Hot Blast is the modern heater and will save its cost in fuel every winter. Buy one for your home now.

## Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them. They lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

Remember, we are the only dealers here selling Cole's Original Hot Blast—the name COLE'S on feed door

### WILL HOLD SECOND ANNUAL CELEBRATION.

Harmony Lodge, No. 149, Will Entertain With Stereopticon and Program.

The second annual celebration of B'nai Brith day will be held by Harmony Lodge, No. 149, 1 O. B. B., next Sunday evening at 8 o'clock at Temple Israel. The event of the program will be a stereopticon lecture by Dr. S. Wolfenstein, superintendent of the Cleveland Orphan asylum, in which he will depict the life and training of the children in the institution. A large number of invitations have been mailed, and a large audience is expected.

The program is:

Musical by the Temple Israel choir.

Invocation—The Rev. Meyer Lovitch.

Vocal solo—Mrs. Mayme Dryfus Gruenbaum.

Stereopticon lecture by Dr. S. Wolfenstein.

The B'nai Brith has a strong organization in Paducah, and much effective work is done quietly among the Jews of the city. The work of the order is benevolence and charity, and the order in this country is a power and has done much for the persecuted Jews. Next July the Harmony lodge will celebrate its fortieth anniversary, and already plans have been made for an appropriate celebration.

The officers of the Harmony lodge are: M. Lovitch, president; M. Simon, vice president; H. Wallerstein, treasurer; I. S. Stacy, secretary; J. Benedict, monitor; S. I. Tick, warden. The living charter members of the Paducah lodge are: M. Bloom, of St. Louis, Julius Friedman, Alex. Levy, of Louisville, H. Wallerstein, Joseph Ullman, Julius Well and I. W. Bernheim, of Louisville.

## GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price. For sale and recommended by W. J. Gilbert.

"She belongs to one of our best families." "Did her ancestors come over in the Mayflower?" "Oh, no. She's much more exclusive than that. She's a Daughter of Discoverers of the North Pole."—Life.

Some men are wise enough to try to make others think they know it all.

## POSTOFFICE SHOWS BUSINESS GAINS

INCREASE IN REVENUES INDICATES HEALTHY CONDITION.

A Washington Dispatch Says Postal Statistics Clearly Set Forth the Country's Growth.

## DECREASE IN MONEY ORDERS

Washington, Nov. 19.—The post-office returns furnish the most accurate barometer we have of the condition of business. If a man or a firm is not doing anything they do not use the mails, but when they are busy they have to buy stamps and a return is made of every one that is sold. Hence the sales of postage stamps are an index of the condition of business, and during the fiscal year ending June 30, 1939, the receipts from that source were \$184,967,815.46, an increase of \$11,503,103.44 over 1938. The second-class postage paid in money amounted to \$7,236,058.70, an increase of \$285,551.95. Third and fourth class postage paid in money was \$3,229,741.35, an increase of \$395,797.90, and the revenue from box rents in the postoffices throughout the country was \$3,946,259.71, an increase of \$112,956.16 over the previous year.

There was a falling off in various other sources of revenue, the most conspicuous being that from the money-order business. During the last fiscal year there was a decrease of \$188,009 in the amount of domestic money orders issued and a decrease of \$12,310,759 in the amount of foreign money orders issued. The revenue from this source was \$3,417,625.38 for the year, showing a decrease of \$260,130.06 from 1938. The total revenues of the postoffice department for the fiscal year 1939 were \$203,562,383.07, being an increase from the previous year of \$12,083,719.66, or 6.31 per cent—a very healthy sign of the restoration of business from the panic of 1927, which was felt even into the first and second quarters of the recent fiscal year.

The only way to explain the falling off in the money orders is on the theory that the foreign-born element in the United States had not sufficiently recovered from the hard times of 1927 and 1928 to afford sending any part of their savings to the old folks in the countries from which they came. But when the December returns are in we shall be able to judge more accurately of their financial condition, because they are in the habit of buying more money orders to send to their parents, relatives and friends across the water at Christmas time than at any other season of the year.

## No Rest Day or Night

"I would lay awake for hours without any apparent cause, or dream terrible dreams which would bring on extreme spells of nervousness. After taking Dr. Miles' Nerve and Tonic for awhile I could sleep well, and the nervous spells have left me." MISS ALMA HUG, R. R. No. 4, Canal Dover, Ohio.

Without sleep the nervous system soon becomes a wreck, and the healthful activity of all the organs obstructed. Restful, body-building sleep accompanies the use of Dr. Miles' Nerve because it soothes the irritable nerves, and restores nervous energy. When taken a few days according to directions, the most restless sufferer will find sleep natural and healthful. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

## A CLOSE SHAVE.

Many of Them Happening Every Day But Soon Forgotten.

Close shaves would be of more frequent occurrence but for the tender faces of many men, which will not permit of shaving often. Heretofore, nothing has been said in these columns about poslam, a new skin disinfectant, in connection with its use after shaving. Its publicity and sales have been confined almost exclusively to its remarkable properties as an eczema cure; it stops the itching at once and cures the worst cases in a few days. While the application of poslam after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers will find it a revelation, as it does for abrasions, roughness, and severe scrapings what it does for all manner of skin difficulties—heads and cures in a few hours. It is the only article possessing real antiseptic and curative value that has ever been exploited for this purpose, and will soothe and tone up the skin as no toilet preparation could possibly do.

Poslam can be had for fifty cents at any reliable druggist's particularly Gilbert's and R. W. Walker Co., who make a specialty of it. Or the Emergency Laboratories, N. 32 West 25th street, New York City, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in 24 hours.

There has been an enormous increase in the amount of money sent to Europe in that way. Thirty years ago the value of foreign money orders was little over two millions of dollars. Twenty years ago it was twelve millions. Ten years ago it was a little less than fourteen millions, while in 1938 it reached the enormous sum of \$88,972,388, without considering the amount of money that was carried by returning immigrants, sent by bank drafts, through the steamship companies, in currency and in other ways. Every returning immigrant carries his savings with him, and a million dollars or more goes to Europe in that way every year. I was on a steamer once when steerage passengers for Ireland alone brought more than \$7,000 in American money to the purser to be changed into English money. On another occasion, before we landed in Genoa, the steerage passengers, almost entirely Italians, brought about \$5,000 to be changed into the currency of their country.

During the last 10 years \$498,883,915 has been sent abroad in money orders alone, practically the entire amount being the savings of the foreign-born population in the United States remitted to their parents and other relatives, or for investment. During the fiscal year 1938 the sum of \$88,972,388 was sent, but, as I have already told you, there was a falling off to \$76,662,629 during the recent year.

The growth of the country is indicated more accurately by the postal statistics than by any other standard of comparison, although there has been a decided falling off in the total number of postoffices since the rural delivery was introduced. High-water mark was reached in 1901, when there were 76,945 postoffices, but those of the fourth class on the country roads and at the four corners have gradually been abolished and the mail of their patrons has been delivered at the doorstep of the farmers' homes by carriers.

The total number of postoffices in operation on the 30th of June last was 69,144, which was a falling off of 16,801 since 1901 and a decrease of 1,014 during the previous twelve months.

The number of first and second class offices increased considerably, however, and the amount of money devoted to postmasters' salaries was \$26,571,911, a decided increase from the previous year.

The revenue of the postoffice department is increasing rapidly, and amounted to \$203,562,383 last year, an increase of \$12,083,719, but it does not yet equal or even keep pace with the expenditures, which were \$221,004,102 during the fiscal year 1939—an increase of \$12,662,216 from the previous year. There seems to be no way of pulling down the expenses, notwithstanding the efforts of the postoffice department to economize and to rule out of the mails vast quantities of second-class matter that was formerly carried free.

The deficit in the earnings last year was larger than ever before in the history of the government, and amounted to \$17,479,770. Ten years ago the deficit was \$5,385,688, while in 1902 it was only \$2,961,169. It is increasing so rapidly every year that there is very little hope that the postoffice department will ever become self-supporting, as it is in nearly every other country. The difficulty is that under our liberal laws an enormous amount of printed matter, including city and country newspapers, is carried free.

Paducah, Ky., July 3, 1939.

Messrs. Hays & Miller Bros.:  
Gentlemen:—I am delighted to say to you that the sample bottle of Hays' Specific I used from you has done even more than you recommended or than I anticipated. I can truly and with confidence assure any one who uses it that it will not disappoint them in any case of Rheumatism or Torpid Liver. Further than this, I have not tried it, hence this deponent sayeth no further.

This July 3, 1939. Geo. W. Landrum, attorney at law and master commissioner of Livingston circuit court, Smithland, Ky.

## CAN BRING THE DEAD TO LIFE

A RABBIT PRONOUNCED DEAD FROM SHOCK REVIVED.

After Subject Was Pronounced Dead, Dr. Rabinovitch Brought Animal Back to Life.

## THE MARVELS OF ELECTRICITY

New York, Nov. 19.—Dr. Louise G. Rabinovitch, the young woman who recently announced that she could restore to life those who had been apparently put to death by electricity, gave a remarkable demonstration, before the officers of the New York Edison company, by reviving an apparently dead rabbit. Dr. Rabinovitch declares that she can do the same with a human being as she did with the rabbit.

The rabbit that was used in the demonstration was apparently killed by an electrical current. Contact was made at the head, heart and base of the spine, and at the end of one minute several physicians present declared that the rabbit was dead.

Then the young woman prepared her apparatus, a simple looking electrical appliance, and attached various contact arrangements to the spine and apparently dead rabbit. By turning the current on and off several times and then allowing a strong current to run steadily for several moments, respiration was produced and gradually the little animal was revived.

Within three minutes after the doctor began shocking the rabbit it was breathing again. Three minutes later it was kicking its legs, and when released from the apparatus it was as lively as ever.

It was necessary in the experiment to remove the fur from the rabbit in three places—at the head, at the back of the chest and at the lower part of the spine.

In the forty years 1868 to 1908 Japan's yearly foreign trade increased from \$13,000,000 to \$407,000,000.

## GROWS HAIR ON BALD HEADS.

A Remedy That Costs Nothing if It Fails to Do as Claimed.

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpine is a well known agent for restoring the hair to its natural color, where the loss of color has been due to a disease. Yet it is not a coloring matter or dye.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpine, combined with pure alcohol because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Paducah only at our store.—The Rexall Store, W. B. McPherson, Fourth and Broadway.

**LORDS PASS IRISH LAND BILL**  
Carries Amendments to Which Commons Dissent.  
London, Nov. 18.—The Irish land bill was passed in the house of lords with some change in the amendments recently proposed by the lords, to which amendments the house of commons on November 5 refused to agree. The vote in the house of commons on the motion not to agree to the house of lords' amendment to the Irish land bill on November 5, stood 219 to 54. On moving the motion, Augustine Birrell, chief secretary for Ireland, declared that he was most anxious to come to terms, as the failure of the bill would create a deplorable situation in Ireland and that an effort would be made to arrange a compromise between the two houses of parliament. A committee was appointed for this purpose.

## PRISONERS KEPT IN JAIL MONTHS

BEFORE BEING BROUGHT TO  
TRIAL IN COURT.

One Epileptic Dismissed After Stay-  
ing Imprisoned Six Months  
Here.

SEVEN MONTHS FOR ANOTHER.

Practice of keeping prisoners in the county jail for months without a trial was given criticism and the order that it must not be repeated yesterday afternoon by Circuit Judge William Reed. In the trial of alleged lunatics it developed that Dick Ford, an aged colored man, had been in the county jail six months; and Bush Peal, colored, had been in confinement for seven months waiting for a trial. The practice of keeping prisoners in the county jail for months without trials while the jailer receives a fee of 50 cents a day for each prisoner was exposed in the recent campaign.

Six months ago Ford was held over in the court of Magistrate C. W. Emery on the charge of lunacy, and has been in the county jail, awaiting for a trial until he was discovered yesterday, when a round-up of all prisoners, charged with lunacy, was made. The evidence showed the length of time he had been in jail, and Judge Reed promptly asked the jailer why the negro had not been given a trial. The answer was that he supposed Magistrate Emery would arrange for the trial. Judge Reed admonished the jailer not to repeat it, but to take the alleged lunatics before the county judge at once.

### A VEGETARIAN DIET.

As yet from any other question, is it any wonder that so many people exclude meat for Faust Brand Spaghetti, considering how well it nourishes with out producing that uncomfortable "after-dinner" feeling, without over-heating the body, and at a cost that seems a mere nothing when compared with the price of meat.

Any day—every day—once a day or twice a day—for grown folks and growing folks—indoor people and outdoor people—strong digestions and weak digestions—brain workers and body workers—there's no other one food that begins to be like Faust Brand Spaghetti. And how indescribably good it is! This time as steaming brown baked spaghetti, next time with eggs, today as a side dish, tomorrow as the principal dish—always right—always appetizing—getting the family to the table on time and causing them to linger behind hoping for more.

Only five and ten cents a package. All grocers. Write for free book of recipes.

MAULL BROTHERS, ST. LOUIS, MO.

Ford was found suffering from epileptic fits and with the exception of one or two a year was all right. He was dismissed by the jury.

Another expensive prisoner for the county was Bush Peal, a crippled negro, who had been in jail seven months. He was adjudged a lunatic and ordered sent to the asylum. Peal was a character on the streets several years ago and frequently fell on the streets. Two years ago he was sent to the county sanitarium, but became violent, and seven months ago was removed to the county jail.

**Champion Well.**  
John Champion, who, it was alleged, tried to burn his houseboat and kill himself was found of sound mind and dismissed. Owing to a high fever, Dr. L. E. Young said that it would be impossible to bring him into court. He said that Champion is sane, but when his fever was high that his mind was unbalanced. He was adjudged sane, and will be taken to the county sanitarium for treatment.

John Seales, who was brought to the jail from Clark's river last week, was determined of sound mind. Seales has been ill, and his mind seemed unbalanced. He was placed in all, but yesterday he appeared normal and was released.

Old Jeff Sanders, an aged negro, was too feeble to be brought into court, and from the evidence he was ordered sent to the asylum. Sanders constantly tears his clothes off. Mrs. Sapp, who has been an inmate of the county sanitarium for a number of years, was ordered to the asylum. She is well known in Paducah.

### Free Dinner.

The colored home of the friendless association will serve free dinner to the aged and unfortunate colored people. Those that are able are asked to go and buy dinner to help build up the treasury for the home for the friendless. Every cent of the money that has been donated is in the bank. They are depending upon many white friends to help with this dinner, as they have always done. The dinner will be served at 622 South Ninth street.

## CAIRO SHERIFF HAS NO OFFICE

HIS FAILURE TO PREVENT THE  
LYNCHING CAUSE.

In Order Removing Sheriff Frank  
Davis, Gov. Deneen Named  
Coroner McManus.

THE LAW SAYS IT'S VACANT.

Springfield, Ill., Nov. 19.—Gov. Charles S. Deneen today declared the office of sheriff of Alexander county vacant, because Sheriff Frank E. Davis allowed William James, a negro and Henry Salzer, white xorcide, to be taken from his care and lynched at Cairo by a mob on Nov. 11. The governor acted in observance of a law that provides that whenever a sheriff surrenders a prisoner to a mob, his office expires immediately.

In the order removing Sheriff Davis, Gov. Deneen recites the facts of the lynchings, proclaims the office of sheriff vacant, and names Coroner James McManus, of Alexander county to act as sheriff of that county until a new sheriff shall be elected or appointed.

Sheriff Davis had a conference with Gov. Deneen today. He filed with the governor and with Attorney General Stead a petition for reinstatement. Governor Deneen will consider the petition.

dow With Woman.

Lima, O., Nov. 19.—William Frick, son of the late millionaire Wooster banker, Jacob Frick, and nephew of H. W. Clay Frick, the steel magnate, lies aying in a hospital here as the result of a scuffle last evening in the apartments of an unknown woman, giving her name as Florence Adams, of Toledo.

Miss Adams declared she and Frick were wrestling over a glass of beer on the third floor of the Traction Exchange building, when both pressed against the window frames, which gave way, precipitating them to the pavement.

Frick was given a farm by his late father a few years ago and resided near Bellefontaine.

Miss Adams later denied the wrestling story. Her aunt, Mrs. Mollie Foster, said to live on Euclid avenue, Cleveland, said that she and Miss Adams were old schoolmates of Frick's, and that he invited them to his apartments yesterday when he met them on the street.

**Arrested in Canaan.**  
Luther Terrell, colored, was arrested in Canaan this morning by Constable A. C. Shelton on a charge of breach of the peace. Terrell entered a plea of guilty before Magistrate C. W. Emery and was sentenced to ten days in the county jail. This makes the first arrest in Canaan for several days and it is alleged the warrant was spite work of Mr. Shelton because Terrell refused to vote for him in the recent election. Mr. Shelton did not deny it.  
Sooner or later people tumble to the fact that the banana peel is a nuisance.

## COAL! COAL! COAL!

Experience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate, no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-
